Costa
Blanca BIKE RACE

RACEBOOK

Costa Blanca™
BIKE RACE

UCI UNION CYCLISTE
INTERNATIONALE

WELCOME

We're kicking off the cycling year with the Costa Blanca Bike Race, and for this new edition, we've prepared some spectacular routes to start the season with the best experience of the year.

Twelve years of CBBR wouldn't be possible without the continued collaboration of the Calpe City Council and Calpe Tourism, whose support makes it possible for CBBR to once again be based in this iconic Mediterranean town. We also extend our gratitude to the Valencian Regional Government's Department of Sports, the Comunitat de l'Esport (Sports Community), and the Alicante Provincial Council through their sports and tourism departments.

We also appreciate the support of the towns along the Costa Blanca and inland Costa Blanca that make up the CBBR's route: Altea, Senija, Lliber, Xaló, Alfàs del Pi, La Nucía, Polop de la Marina, and Benidorm, with special thanks to their respective Sports Departments.

The AR Diamante Beach & Spa will continue to be the heart of the Costa Blanca Bike Race, and Faster Wear will outfit our athletes and leaders during the four days of MTB in the best possible setting.

Our sincerest thanks to the sponsors and collaborators who support the event and make the CBBR experience even better: Rothar Wheels, Hyundai Leuka Car, 101 Other Level, Coluer, Five Continents Travel, Novacare, X-Sauce, Toteemi, Celta Car, and Nauticaravaning, sponsor of CBBR Kids.

Welcome to CBBR!

Team CBBR

AGENDA

WEDNESDAY JANUARY 28TH

12:00 - 14:00 H	DELIVERY OF BIB NUMBERS	HOTEL AR DIAMANTE
16:00 - 20:00 H	DELIVERY OF BIB NUMBERS	HOTEL AR DIAMANTE

16:00 H	WARDROBE CLOSURE	CALPE PARQUE DE LA CREATIVIDAD

TECHNICAL INFORMATION

BIB DELIVERY AND RACE TRACKING

Registration and bib collection will take place at the Hotel AR Diamante from Wednesday, January 28, starting at 12:00 p.m., according to the schedule established in the agenda. The bib numbers will be assigned by category and according to the ranking of the latest UCI update.

During registration, all participants will be given an identification bracelet, which they must wear at all times during the competition days. Here you can also collect the accreditations for the technical areas and refreshment stations of the stages, without which access to these areas will not be permitted.

IMPORTANT: For location, tracking and timing, a transponder will be given to each runner. It will be mandatory to leave a deposit of €50, which will be returned after delivery of the transponder to the cloakroom in the finish area. In case of abandonment, it can be delivered to the permanent secretariat at Hotel AR Diamante Beach & Spa.

Thanks to this system, you can access the link below to view the results and follow the race in almost real-time. Don't forget to share it with family and friends!

Times, classifications and race monitoring:

BRIEFING

Each day, from Wednesday, January 28th to Saturday, January 31st, a technical briefing will be held for participants. Attendance will be mandatory for professional team technicians.

All changes will be announced on the notice board in the AR Diamante Hotel lobby, as well as on the CBBR website and social media.

It is the responsibility of the teams and all participating riders to stay informed about everything happening in the competition.

The official website and social media will be the official digital channels for notifications and any last-minute changes.

Facebook: <https://www.facebook.com/costablancabikerace/>

PROCEDURES

MARKS

The race will be marked with directional arrows and confirmation tape. The use of a GPS device is recommended to avoid getting lost in case of withdrawal, theft, or accidental damage to the marks. Any issues with the routes will be announced at the corresponding technical meetings and on digital media, as well as in the lobby of the AR Diamante Beach & Spa Hotel.

Every ten kilometres, the distance to the finish line will be indicated. In the last kilometre, there will be a mark indicating this point.

FEEDING AND TECHNICAL ZONES

The feeding and technical areas are clearly marked along the route. At these points, you will find everything you need for food and hydration.

The technical zones are the only locations where assistance and supplies will be permitted.

Designated parking areas for team service will be available at all stops. It is crucial to ensure that vehicles do not cause inconvenience to non-competition participants. Please note that obstructing access for emergency vehicles, such as ambulances, may lead to penalties imposed by race commissaires.

ONLY ACCREDITED MECHANICS AND/OR SUPPORT STAFF WILL BE ALLOWED TO THESE AREAS. Accreditation can be obtained from the race secretariat when collecting race numbers.

SERVICES

SERVICES INCLUDED IN REGISTRATION

- 1** Circuit marks operation
- 2** Safety operation at all stages
- 3** Accident insurance
- 4** Civil Liability Insurance
- 5** Medical-Health services

STAGES

The competition is held in four (4) stages in Full CBBR mode and two (2) stages in CBBR Half mode, whose headquarters and stages are:

January 29th 2026 – Stage 1 (Full) – Senija-Senija
January 30th 2026 – Stage 2 (Full) – Altea-Serra Gelada
January 31st 2026 – Stage 3 (Full and Half) – Altea-Altea
February 1st 2026 – Stage 4 (Full and Half) – Calpe-Calpe

GENERALITIES OF ALL STAGES

The route is marked with signs, especially at dangerous points, also crossroads, road intersections or streets. The route is open to traffic but properly controlled. Runners must follow the instructions of traffic authorities and drive with caution. On Spanish public roads, cyclists must stay on the shoulder of the right lane. On tracks, it is advisable to drive on the right side.

The route includes demanding climbs and technical descending sections. It is the participant's responsibility to decide if they can overcome it on the bike.

During the route, two types of controls are established: passage control (CP) and intersection control (IC). On all routes, there are between 6 and 10 checkpoints. Failure to pass through a checkpoint will result in disqualification from the stage classification and may continue in the race as a DNF.

At checkpoints, a steward writes down the participant's number and time. Skipping a passing control means disqualification.

Failure to follow the instructions of an intersection control means disqualification.

Abandoning the route marked by the organisation means disqualification.

Transponders will be used to take times, which must be placed on the fork of the bike as shown below:

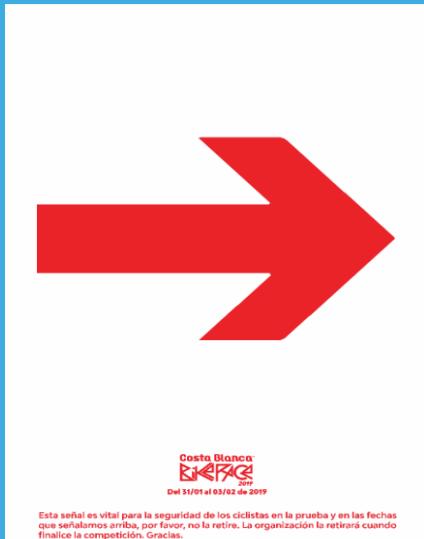

The device will be delivered immediately after crossing the finish line of the last stage in the cloakroom located in the start/finish area. If you withdraw before finishing, the participant must return said device to the organisation. In case of loss or breakage, the €50 deposit deposited when collecting bibs and devices will not be returned.

This system allows them to track each step through the checkpoints on the web, thus allowing the development of the stage to be followed almost in real-time. To access race information, follow the following link:

SIGNALS

The routes will be completely marked, but the organisation recommends that you take the track of each stage. Once the control times have ended, marks and marshals will likely be removed.

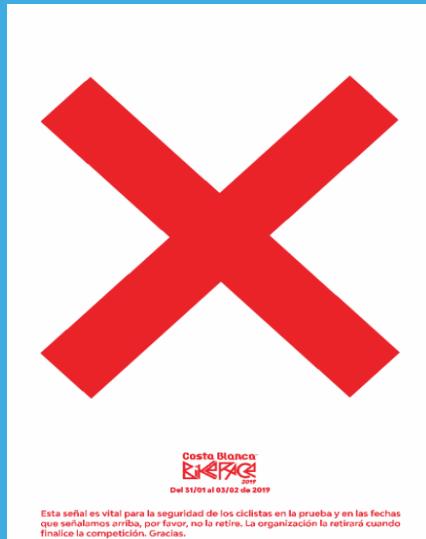

During the routes, you will find the following signs.

Costa Blanca
BIKE RACE
2019

Del 31/01 al 03/02 de 2019

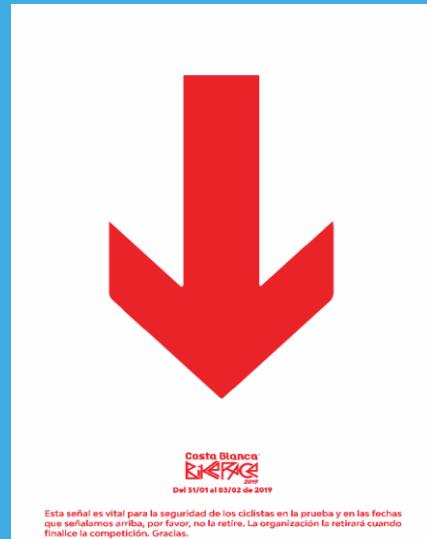

Esta señal es vital para la seguridad de los ciclistas en la prueba y en las fechas que señalamos arriba, por favor, no la retire. La organización la retirará cuando finalice la competición. Gracias.

CAUTION

VERY DANGEROUS
AREA

EMERGENCIES DURING COMPETITION

In case of an accident or mechanical failure, you must contact the CBBR Control Center at **+34 687 611 918** and **+34 687 611 935**

In the case of an accident in an area without coverage, the notification must be given to the emergency telephone number **112**.

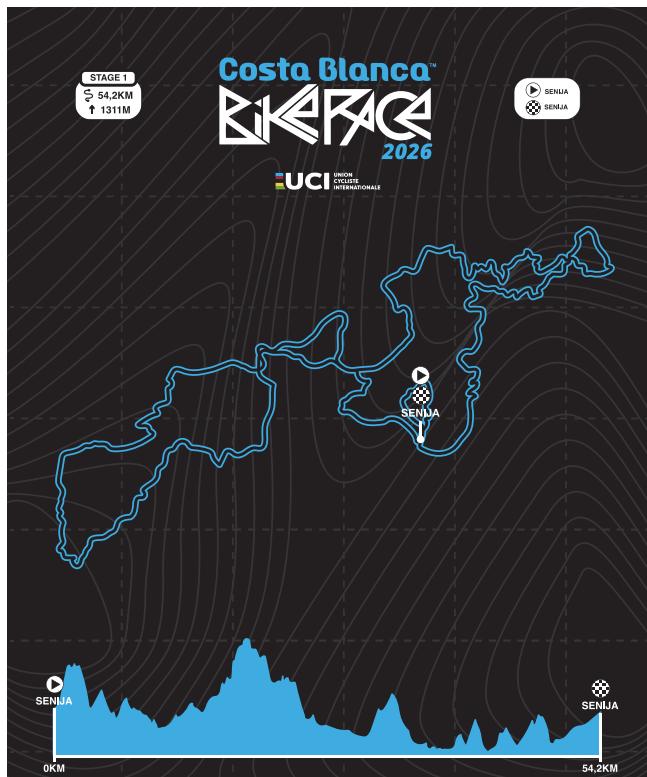

ACCREDITATIONS

The accreditations established for the teams, media, VIP staff and other entities are as follows.

To obtain accreditation, they must register with the competition secretary. The technicians of the professional teams will have 4 accreditations per team and one for vehicles.

STAGE 1 - SENIJA

Technical meeting:

January 28th at 7:30pm - Hotel AR Diamante.

Start and finish: Senija.

Date: January 29th

Time: 10:00 h.

Location:

<https://maps.app.goo.gl/YKpGZtQiydPY8qYD9>

Parking area:

<https://maps.app.goo.gl/fM751NzbcgNHDUzQ9>
